

WORK WITH A STATE CONTRACT?

So does NIC.

Serving Arizona's educational and governmental institutions is important to our business. At Network Infrastructure Corporation (NIC), we are dedicated to helping Arizona institutions provide environments that are up-to-date and on the cutting edge of communication technology.

We have more than fourteen years of Arizona public sector experience covering all four corners of the State. To help make this possible, NIC holds the following contracts allowing you to move forward with your project:

AZ State Contract: Digital Microwave Radio Equipment (EPS080080-6)

The new State Wireless contract recognizes the need for licensed and unlicensed point-to-point and point-to-multipoint technologies and looked to establish manufacture based contracts rather than the product-specific contracts of the past. The new contract is designed to accommodate flexible product service offerings and needs

AZ State Contract: A/V (EPS060125-9)

The new State AV contract recognizes the rapidly changing state of audio/visual technologies and looked to establish manufacture based contracts rather than the product-specific contracts of the past. The new AV contracts are designed to accommodate flexible product service offerings and needs

AZ State Contract: Cabling (AD020193-007)

The AZ State Cabling Contract sets the minimum guidelines for data communications cabling installations. Use this contract to ease your search for best price in the cabling technology that you are looking for in fiber, copper and racking.

NIC has the experience to get your project done on time and within budget. We understand that schools work under tight time frames and strict liability for student safety.

Mohave Contracts

LAN/WAN (08B-NIC4-0528)

Special Systems (08B-NIC4-0528)

TelCom (06F-NIC-0721)

E-Rate (05O-ENIC-1222)

Services(06M-NIC3-0131)

More Numbers to help you make your project happen:

- NIC SPIN Number (143004779)

- HP WSCA (A63309/WSCA)

- NIC HP Reseller ID (0267650001)

- NIC GSA Contract Number (GS-35F-0209k)

GSA CONTRACT HOLDER

Stepping up to serve those who serve our country

As a Government Services Administration (GSA) Contract holder, NIC has been pre-approved for use by Federal government agencies. NIC is approved as an Information Technology Professional Services Provider under contract # GS-35F-0209k - General Purpose Commercial Information Technology Equipment, Software, and Services.

SIN 132-51: INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES

- FPDS Code D302 IT Systems Development Services
- FPDS Code D306 IT Systems Analysis Services
- FPDS Code D307 Automated Information Systems Design and Integration Services
- FPDS Code D310 IT Backup and Security Services
- FPDS Code D313 Computer Aided Design/Computer Aided Manufacturing (CAD/CAM) Services
- FPDS Code D316 IT Network Management Services
- FPDS Code D399 Other Information Technology Services, not elsewhere classified.

NIC is further authorized to work with our vendor partners' GSA Contracts in qualified implementations. NIC is authorized by AMP Cabling to provide their cabling products through AMP's GSA Contract GS-35F-0156J. We are further authorized by Cisco Systems, Inc to provide their network equipment through Comstor's GSA Contract GS-35F-4338G.

Call NIC for a total solution. We are a single source for all of your technology requirements. Services include consulting, design, project management, system installation, maintenance, and support for all network systems.

PLANNING SERVICES

- Needs Assessment
- Strategic Planning
- Network Planning and Engineering
- Product Selection and Procurement
- Systems Migration Planning
- Implementation Planning
- Technology Specifications and Standards Development

IMPLEMENTATION SERVICES

- Project Management
- Structured Cabling Installation
- Network Equipment Installation and Configuration
- System testing and certification
- Training and Staff Development

POST IMPLEMENTATION SERVICES

- 24x7 Service Availability
- Extended Maintenance Agreements
- Incremental adds, moves, and changes
- Ongoing training and staff support
